CAREER OBJECTIVE : Driven DevOps and Cloud enthusiast with expertise in Azure, AWS, Linux , aiming to innovate and optimize software development workflows.

TECHNICAL SKILLS :

Cloud Computing : Microsoft Azure (VM , VNET , WEB APP, ETC..) , AWS (EC2, S3 , ROUTE 53 , ELB , ETC..).

Programming Languages/Scripting : C++, C#, HTML, CSS , Javascript , Python .

Database Management : MySQL ,AzureSQL, CosmosDB , DynamoDB , AuroraDB .

Tools & Technologies : VScode , Unity 3D ,FileZilla .

Operating System : Windows Server, Linux (Ubuntu,CentOS).

DevOps Tools : Jenkins, Git , Docker .

EDUCATION :

University of Mumbai

Maharashtra, India

- **B.sc Computer Science – Mulund College of commerce** 2021 – 2024
- **HSC – Jnana Sarita Jr college** 2020 – 2021
- **SSC – Jnana Sarita High School** 2018 –2019

PROJECTS (<https://github.com/rparth152/>) :

‘Car Insurance Service’ Azure Services :- Vm , monitor , backup. Ai chatbot | Php , Html , Css.

- Developed a cloud-based car insurance service using Microsoft Azure. Integrated an AI chatbot using Azure Language Service for customer interaction. Implemented a monitoring service for virtual machines (VMs) to ensure optimal performance. Set up a backup service for VMs to safeguard data. Hosted the service website using XAMPP on a virtual machine.

‘FPS Game’ Unity 3D Game | C#, Firebase .

- Developed a basic FPS game in Unity3D using C# and Firebase. Implemented camera control, player movements, shooting mechanics with reloading, and a health bar system for enhanced gameplay experience.

CERTIFICATIONS :

- **AWS Certified Cloud Practitioner CLF-C02 (2025):** Successfully earned the AWS Certified Cloud Practitioner certification, demonstrating expertise in AWS cloud concepts, foundational services, security, pricing, and best practices.
- **Microsoft Azure Fundamentals AZ-900 (2024):-** Acquired fundamental knowledge of Azure cloud services, including Virtual Machines, Virtual Networks, Azure SQL, storage, monitoring services, and cost management .
- **Microsoft Azure Data Fundamentals DP-900 (2022):-** knowledge of relational and non-relational databases ,Azure SQL, Cosmos DB, and Synapse Analytics .
- **Microsoft Security, Compliance, and Identity Fundamentals SC-900 (2021):** Gained foundational knowledge of security, compliance, and identity (SCI) across Microsoft cloud services, including Azure security, identity management, access control, compliance solutions, and threat protection.

HOBBIES : Theatre (Youth Bronze Medal), Tabla (Madhyama Purn).
